
Fog of War is runner up for song of the year

Posted by mattcode - 2008/04/18 12:30

I'm pleased to announce that "Fog of War" is one of the runner ups for the song of the year for the month of December 2007. I am runner up because of the high marks received from the reviews for lyrics and instrumentation. I share this with about 100 other song-writers out of a very large amount of entries.
