---

Sign up for the website on the left: - The membership is free and it is a great way to meet others interested in my music. Not only will you meet new people; in future there will be benefits to those who are members including giveaways and special promotions.

Tell a friend:- A lot of an artists success depends upon word of mouth. In the navigation on the left there is a module that allows you to send a message to friends with a link to my site. Please send to your friends and help me spread my music to the masses. TELL A FRIEND

Pass out flyers:- I have plenty of business cards and club cards. Please send me a message that you would be willing to help be out. I will be glad to send you the promo materials
